

Accessing the Ceridian Self-Service System

To access the system, please use this URL: <https://sss2.ceridian.com/pools> (Use Internet Explorer)

Username: First Initial of the First Name in caps, Full Last name of employee, First Initial in CAPS

Ex: John Smith = JSmith

Exception: (For common last names, employee may have to try a number behind the username:

Ex: 3 employees ===== **John Smith= JSmith , Jane Smith= JSmith1, Joseph Smith= JSmith2**)

Default Password

DOB Format of:MMDDYYYY

Ex: May 10, 1998= 05101998

You will immediately be prompted to change your password to a *minimum 8 position alpha-numeric* password of your choice. It is strongly recommended that you do this as soon as possible. You may also enter answers to a few challenge questions, used when you are requesting a password reset, etc.

In the future, if you forget your password. Follow these instructions to receive a new password:

- From the log-on page, key your username into the username field.
- Click the "Forget your Password" link. A system generated password will be emailed to you.
- ***Please remember to enter a personal email address in your record so that the system sends a temporary password directly to you, outside of our pools-world system, and without delay.

If you try to log on to the system with an erroneous username and/or password, you will have 5 tries to correct it before you are locked out of the system. If you are locked out of the system, the System Administrator will contact the lead admin of your company and provide the new temporary password.
